PROFILE

Engineer and communication professional passionate about leveraging the power of **data science and digital technologies** to advance environmental and related causes. Experienced researcher with extensive **international experience** working in multi-disciplinary teams. Currently on course to complete a PhD in **machine learning** and **science communication**. Previously an engineer for the CMS detector of the Large Hadron Collider experiment at **CERN**.

PROFESSIONAL EXPERIENCE

PhD Researcher, University of New South Wales

Sydney, Australia • Jun 2015 – current (expected completion: Aug 2018)

- Research topic: A study of the processes & outcomes of social media science communication using machine learning
- Develop supervised learning and unsupervised learning methods to examine the properties associated with engagement and trust
- Skills applied: big data extraction (APIs), data engineering, Python coding, NLP, psycholinguistic analysis
- Github: <https://github.com/yiling-hwong/astro-ml>

Research assistant, Project AGI

Sydney, Australia • Jul 2017 – February 2018

- Research techniques related to the development of Artificial General Intelligence (AGI) – unsupervised learning, reinforcement learning, Spike-Timing Dependent Plasticity methods, etc.
- Conceptualise and write articles related to the state of the art of AGI (Medium profile: <https://medium.com/@yilinghwong>)

Educator, ThinkSpace at Powerhouse Museum

Sydney, Australia • Jan 2016 – February 2018

- Teach computer programming (Python, C#), game design (Unity, Minecraft) and physical computing (Arduino, Raspberry Pi) to kids between the ages of 7 and 12

Communication Officer, Evolve Housing (Non-profit)

Sydney, Australia • Aug 2014 – May 2015

- Manage company digital presence (web and social media)
- Inform company communication strategy using data analytics

Digital Communication Officer, Doctors Without Borders

Geneva, Switzerland • Jun 2012 – Apr 2014

- Technical lead for website migration and redesign project
- Website visitors increased by over 60% after relaunch.
- Administer CMS platform built on Drupal multisite installation

SPECIALTIES

- Machine learning
- Artificial Intelligence
- Natural language processing
- Data engineering
- Statistical modelling
- Communication strategies

EDUCATION

Master of Engineering, M.Eng in Power Engineering

*University of Applied Sciences
Karlsruhe, Germany*

- Final grade: 1.4
(equivalent to Australian High Distinction)
- Graduated 2nd in cohort

SKILLS

Coding languages: Python, R, HTML, CSS

Data science: Scikit-learn, Weka, MatLab, NLTK

Content Management Systems: Drupal, Wordpress

Database: MySQL, MongoDB

OS: Windows, Linux, Mac

Version Control: SVN, Git

Project Management (SaaS): JIRA, Basecamp, Freedcamp

Others: MS Office Suite, Adobe Photoshop, Adobe InDesign

Science Communicator, CERN (European Organisation for Nuclear Research)

Geneva, Switzerland • May 2011 – May 2012

- Produce content for lay-consumption on CERN public websites
- Website design and management (Drupal)

Data Acquisition Engineer, CERN

Geneva, Switzerland • Dec 2008 – May 2011

- Marie Curie Fellowship Program funded by the European Commission
- Develop an Analysis Toolkit of Finite State Machines for the CMS Detector Control System
- CMS is one of the two experiments that first detected the Higgs Boson, which won its discoverer a Nobel Prize in Physics

Technical Student, CERN

Geneva, Switzerland • Mar 2008 – Aug 2008

- Completion of Master Thesis
- Thesis title: Development of the Control System for A Liquid Helium Production Plant for the Large Hadron Collider Experiment. Final grade: 1.0 (High Distinction)

Intern, Siemens Corporation

Karlsruhe, Germany • Sep 2007 – Feb 2008

- Development, configuration, test and specification of burglar alarm system (Multi-Partition-Keypad)
- Programming of Philips LPC213x Microcontroller (C/C++)

SPEAKING & OUTREACH

- **Jun 2018:** Speaker at the Astrobiology Australasian Meeting in Rotorua, New Zealand
- **Dec 2017:** Invited speaker at the American Geophysical Union (AGU) Fall Meeting in New Orleans, LA, USA
- **Dec 2017:** Speaker at the American Geophysical Union (AGU) Fall Meeting in New Orleans, LA, USA
- **Apr 2017:** Poster presentation at the Astrobiology Science Conference in Phoenix, Arizona, USA
- **Dec 2016:** Speaker at the American Geophysical Union (AGU) Fall Meeting in San Francisco, USA
- **Aug 2016:** Invited Speaker at the Sydney Science Festival “Why Engineers Rule the Universe”, speaking on the Large Hadron Collider project at CERN
- **Aug 2016:** Expert guide for the “Collider” exhibition at the Museum of Applied Arts and Science in Sydney, Australia
- **Jul 2016:** Speaker at the Australasian Astrobiology Meeting in Perth, Australia
- **Apr 2016:** Speaker at MSCA-IF seminar to Malaysian students as the European Commission’s Marie Curie fellow alumni
- **Jul 2012:** Panel speaker for the Partnership Symposium on EU-ASEAN Science, Technology and Innovation Cooperation at ESOF2012 in Dublin, Ireland
- **Sep 2011:** Invited speaker for session “Mobility of researchers in Europe: an endeavour for all” at the European Association for International Education conference in Copenhagen, Denmark

LANGUAGES

- **Mandarin** (Mother tongue)
- **English** (Expert user: IELTS Band 9)
- **German** (Proficient; DSH grade 1.6 – High Distinction)
- **Malay** (Proficient)
- **Cantonese & Hokkien** (Proficient)
- **French** (Basic user)
